

Importing Equipment, CE and UKCA Marking Assessment: samples and documentation (CE15)

This course is aimed at anyone who imports equipment from outside the EU. It covers the information you should request from suppliers, and the responsibilities of the importer. This course will give you practical guidance on how to evaluate product samples, explain the checks you can make at pre-shipment or on arrival in the UK, and how to achieve “due diligence”.

Topics covered:

- Technical documentation
- Specifications for suppliers
- Common issues at the sample stage
- Inspection and production quality control issues
- Supplier audits

Who should attend?

Anyone responsible for importing products into the EU or UK. Attendees are expected to have a basic understanding of what CE and UKCA marking is before they attend. Please see our Introduction course as a prerequisite.

Cost: £299 + VAT per person for a single half day course
