

Introduction to CE Marking (CE01)

This course will give you a complete overview of the CE marking process, ideal if you have little or no experience of the subject. You will gain a basic understanding of the CE marking directives and learn how to identify and apply them. It will demonstrate the responsibilities you have toward CE marking your products and any relevant testing. In addition you will receive an introduction into creating a technical file and declaration.

Topics covered:

- Legislative background
- Summary of Directives and standards
- Responsibilities
- The CE marking process
- Standards and harmonized standards
- Technical files and Declarations
- Testing and assessment
- Introduction to Notified Bodies
- Summary of the CE marking process
- Resources

Who should attend?

Anyone who needs a basic understanding of the CE marking directives: product designers, managers, importers, purchasing professionals, and quality managers.

Cost: £350 + VAT per person for a single full day course.

Book online at <https://shop.conformance.co.uk> or by phone on +44 (0)1298 873800.
