

CE Marking Electrical Equipment (CE08)

This course will explain the requirements for CE marking all types of electrical equipment, from industrial plant to domestic items.

Topics covered:

- Electrical safety and EMC
- Low Voltage Directive
- Radio Equipment Directive
- Identifying and applying standards
- Testing and assessment
- Environmental requirements – EcoDesign, WEEE, RoHS, REACH
- Technical documentation, declarations and certificates

Who should attend?

Anyone who needs an understanding of the CE marking requirements for electrical products: product designers, managers, importers, purchasers, and quality managers.

Cost: £350 + VAT per person for a single full day course.

Book online at <http://www.conformance.co.uk/training/index.php> or by phone on +44 (0)1298 873800.
