

## PUWER and Offshore Equipment (CE10)

---

This course will provide an overview of the requirements for offshore equipment, including the CE marking requirements and the requirements of the Provision and Use of Work Equipment Regulations 1998 (PUWER).

Topics covered:

- Identifying and applying standards
- Equipment for use in explosive atmospheres (ATEX)
- The Pressure Equipment Directive
- Product safety
- Occupational safety
- Responsibilities of suppliers and employers
- Assessing equipment on and offshore

Who should attend?

Anyone involved in site safety or equipment safety in the offshore industries: design engineers, site safety officers, site managers, and inspection staff.

Cost: £350 + VAT per person for a single full day course.

Book online at <http://www.conformance.co.uk/training/index.php> or by phone on +44 (0)1298 873800.
