

## Wind Turbine Safety (CE11)

---

This course will give an overview of the safety requirements of on- and offshore wind turbines, and clarify the complexities involved.

Topics covered:

- Wind turbines and the Machinery Directive
- The applicability of the Construction Products Regulation
- Identifying and applying standards
- Product safety
- Occupational safety
- Supply-side and in-service legislation
- PUWER
- LOLER
- Existing requirements and future changes
- Responsibilities

Who should attend?

Anyone responsible for site safety and equipment safety in the wind turbine industry: design engineers, site safety officers, site managers, inspection staff, and purchasing managers.

Cost: £350 + VAT per person for a single full day course.

Book online at <http://www.conformance.co.uk/training/index.php> or by phone on +44 (0)1298 873800.
