

## Medical Machinery and Electro-medical Equipment (CE12)

---

This course will cover the responsibilities and procedures involved in CE marking medical machinery and electro-medical products, such as powered beds, patient hoists and powered wheelchairs.

Topics covered:

- Medical Devices Directive – scope and exclusions
- Device classification and certification requirements
- Identifying and applying standards
- Risk Management
- Technical documentation, declarations and certification
- Working with Notified Bodies
- Software requirements
- Mechanical requirements and the Machinery Directive

Who should attend?

Anyone who manufactures, imports or supplies medical devices: designers, importers, quality managers, and purchasing managers.

Cost: £350 + VAT per person for a single full day course.

Book online at <http://www.conformance.co.uk/training/index.php> or by phone on +44 (0)1298 873800.
